
Four Nations International Fund

Application Guidance
August 2023

ALBA | CHRUTHACHAIL

About the fund

COVID-19, the UK's departure from the European Union, and the cost of living crisis have each presented challenges to international working. Artists across the UK continue to seek collaboration with their counterparts around the world and there have been powerful examples of digital connection and exchange, as well as new approaches to working together in-person, as we factor in our climate impact more and more.

This second round of the Four Nations International Fund is designed to encourage in-person, digital and hybrid collaboration:

- between artists, creative practitioners and organisations from the four nations across the UK

and

- counterparts from elsewhere in Europe and beyond.

The arts and culture sectors of all four nations across the UK thrive on international collaboration and exchange. This fund invites artists, cultural professionals and organisations to consider where that collaboration could be also enhanced by closer working between England, Northern Ireland, Scotland and Wales.

The Four Nations International Fund is a pilot fund with co-investment from Arts Council England, Arts Council Northern Ireland, Arts Council Wales/Wales Arts International and Creative Scotland.

The budget for this second round is £320,000, and we anticipate making 40 - 50 awards in total across England, Northern Ireland, Scotland and Wales.

On behalf of the four nations' arts councils, Creative Scotland is leading and administering this fund. Therefore, the jurisdiction for this fund will be Scots Law, and standard Creative Scotland processes and procedures will apply.

The four nations' arts councils will work together in the decision-making of the fund. Applications are welcomed from across all the four nations across the UK. Decisions will be made using the criteria of the fund (which you can view in the 'Decision-making' section of the Guidelines) and will aim to be representative of the four nations' diverse cultures and geography.

The aims of the programme

- **Supporting international development opportunities** for individual cultural practitioners and/or organisations based in the UK
- **Fostering greater collaboration** between cultural practitioners and/or organisations in England, Northern Ireland, Scotland and Wales, and together with international partners based in Europe and beyond
- **Exploring new models of innovative practice** in international collaboration, in particular testing imaginative ways of working that offer new and positive responses through international collaboration to issues of inclusivity, fair collaboration and climate responsibility. We welcome applications for projects which reduce negative environmental impacts and promote positive ones. We also welcome applications for projects which seek to work with cultural practitioners with experience of displacement and/or experience from within areas of conflict or post-conflict.

How much is available?

The total budget available for this round is £320,000. **Applicants can request between £1,000 and £7,500, as well as access costs in addition to this.** This threshold has been increased from £5,000 in the previous round to reflect the increased costs of international working and enable applicants to pay artists and creative practitioners involved in the project (including those managing it) fairly.

There is no requirement for match funding, however if you do include confirmed match funding from partners as part of the application, you should ensure that this has been confirmed in writing.

We anticipate making 40 - 50 awards in this round and will aim to encompass the four nations' geographic and cultural diversity, with a range across art forms.

Who can apply?

In order to be eligible, applicants must:

- Be aged 18 or over
- Be based in one of the four nations of the UK - England, Northern Ireland, Wales or Scotland
- Be a creative practitioner working in the arts and creative industries or an organisation working in the arts and creative industries
- Have a UK bank account in their name

And must have:

- Confirmed commitment from at least one artistic or creative partner based in another of the four nations - England, Northern Ireland, Wales or Scotland (this can be an individual or organisation)
- Commitment from an international artistic or creative partner (this can be an individual or an organisation).

Only one lead partner from any of the four UK countries can apply on the behalf of each partnership. Multiple applications from different partners for the same activity will be ineligible. An applicant may only submit one proposal as lead partner to this round. The lead partner will take financial and reporting responsibility for the project.

This fund will prioritise support to individuals and those organisations who do not have regular funding status from any the following arts councils funding schemes: **Arts Council England's National Portfolio Organisations; Arts Council Northern Ireland's Annual Funding Programme; Arts Council Wales' Arts Portfolio Wales; and Creative Scotland's Regularly Funded Organisations.** This does not exclude applications from partnerships that include a regularly funded organisation; however, we expect to see the added value that a regularly funded organisation can bring to the partnership.

What art forms will be considered?

We are able to consider proposals from creative practitioners and organisations working across a range of different art forms including:

- Multi-disciplinary arts
- Literature
- Music
- Theatre
- Dance
- Visual arts
- Craft
- Creative Learning / Children & Young People

Please note that this list is not definitive. If you have queries about your eligibility to make an application, please contact us (see [Page 13](#)).

What can the funds be used for?

Applications can be for physical, digital or hybrid activity in the following categories:

- Exchanges
- Residencies
- Partnership development
- Co-creation
- Networking

Priority will be given to applications experimenting with innovative models of international collaboration.

The fund can be used for one or all of the following:

- Development of artistic practice through working cross-UK and internationally
- Collaboration with and learning from artists, creative practitioners and organisations cross-UK and internationally
- Development of early relationships with artists, creative practitioners and organisations with a longer-term view of developing cross-UK and international markets and audiences for work and building profile internationally
- Exchange of key creative people to develop new concepts or relationships.

Applicants will need to be able to demonstrate commitment to the proposed activity from the other partners in the proposal - at least one partner from another of the four nations and at least one international partner. An email or letter from the partner will be sufficient. Match funding is not a requirement, but if you do mention other confirmed funds, we expect these funds to be evidenced through supporting letters.

Activity that you cannot apply for

- Projects that are not arts-related
- Continuation of an existing project without any clear new elements
- Film or video production and cinema exhibition, unless it is in support of artists' work in the moving image (including film and video)
- Projects related to a course of study or tuition fees in a school, a college or a university
- Accredited qualifications
- Projects which take place or start before the published decision date
- Fundraising events, such as charity galas
- Buying equipment and instruments
- Projects in a formal education setting for educational purposes necessary by law
- Projects that support general arts or creative activities in school settings.
- Projects with a primary focus on social development (we will not consider the proposal eligible unless the focus of the project is clearly and primarily artistic or creative)

Costs that you cannot include

- Costs/activity that are already covered by other funding
- General running costs and overheads that are paid for by other income, including your own funds
- Ongoing overheads related to equipment or buildings, such as insurance and maintenance costs

A note on fair work

Every applicant seeking funding is expected to pay themselves and others involved with their project fairly. We expect those seeking funding to apply as a minimum the National Living Wage, and to be clear about all costs they allocate in their budgets relating to the payment of people involved in delivering their work. We do not prescribe the rates of pay that apply when employing, working with and/or commissioning artists and creative practitioners, however you can refer to [Creative Scotland's Rates of Pay Guidance document](#) which gathers sources of guidance on industry standards, union rates and codes of practice from key leading bodies. We expect applicants to reference clearly an appropriate industry pay standard in their budget where applicable and appropriate.

When can I apply?

Fund opens**Wednesday 16 August 2023**
 Deadline**Thursday 28 September 2023**
 Decisions**w/c 6 November 2023**
 Projects start**between 1 January 2024 and 31 March 2024**
 Projects complete**by 31 March 2025**

How will applications be assessed?

First, your application will be checked for eligibility - please do check whether you, your project idea, activities and partners are eligible for this fund by reading the guidelines and the FAQs. Any applications which do not meet the basic eligibility criteria for this fund will not progress. If you have queries about your eligibility to make an application, please contact us (see [Page 13](#))

Once the eligibility is checked, the application will be scored by two assessors. They will score the application according to the following four criteria:

1. Innovation/need (Maximum 5 points)

- Does the application show how this is a new or different approach to international collaboration?
- Does it respond to specific current needs or challenges of the partners or within the sector?
- Does it aim to test new ways of working that respond to one or more of the following issues: inclusivity, fair collaboration, climate responsibility?

2. Project structure (Maximum 5 points)

- Does the amount requested and the breakdown of costs seem reasonable for the activity taking place?
- Does the timeline seem practical?
- Is it clear what is taking place when and with whom?
- Do the activities described seem likely to have the effect or outcomes desired?

3. The partnership (Maximum 5 points)

- Is there a rationale for the selection of partners (their skills, practice, experience) and will the makeup of the partnership help achieve what the project sets out to do?
- Is the partnership mutual - will all partners see benefit in the activity?
- Are there interesting possibilities for how the relationships between these partners could develop?

4. The potential impact (Maximum 5 points)

- Does the proposal outline the potential impact of the activity for each of the partners? This may include artistic practice, future collaborative opportunities, increased international or UK profile, or reaching new markets and audiences.
- Are there plans to share the learning and experiences with the wider creative sector?

Once assessed, the two scores will be totalled up, with a maximum score of 40. In the instance of one assessor's score being significantly different from another scoring, there will be a discussion to agree a final score.

The applications will go to a panel of assessors from all partner arts councils, where the panel will look at the highest scoring applications. Approximately 40 - 50 awards will be made. In making the decisions of the final awards, panellists will also consider:

- Cultural diversity
- Art form spread
- Geographic diversity
- Applicants who do not have regular funding status from any the following arts councils funding schemes: *Arts Council England's National Portfolio Organisations; Arts Council Northern Ireland's Annual Funding Programme; Arts Council Wales' Arts Portfolio Wales; and Creative Scotland's Regularly Funded Organisations.*

Short feedback will be given if you are unsuccessful, on whether you were ineligible, or which area of the criteria was weaker in your application. It is worth noting that this is a pilot fund and therefore we are working to a relatively small amount (£320,000) open to applications across the four nations, so this fund may be highly competitive

If you are successful, you will be contacted to arrange signature of a grant agreement and for your bank details.

We will also ask you to answer some questions about the project 30 days after the end date of the funded activity.
